Yoseph Abebe

Computer Science Student | Front-End Web Developer

As a detail-oriented and collaborative computer science student with a passion for front-end web development, I am continuously expanding my skills and staying up-to-date with the latest industry trends. My strength lies in problem-solving, and I am adept at utilizing HTML, CSS, JavaScript, TypeScript and React to create visually appealing and user-friendly web interfaces.

Undergrad C.S Student
MicroLink Information Technology College

- Creativity
- Leadership
- Organization
- Problem solving
- Teamwork

Education:
- Pursuing a Bachelor's degree in Computer Science, currently in the third year

Skills:
- Proficient in HTML, CSS, JavaScript, Typescript and React
- Strong problem-solving abilities
- Excellent communication and collaboration skills
- Detail-oriented and organized approach to work
- Adaptability to new technologies and frameworks

Work Experience:
- Currently seeking opportunities to gain practical experience and apply my knowledge and skills in a professional environment.

Professional Goals:
- Striving to become a full-stack web developer, leveraging my current front-end expertise to further expand my knowledge and proficiency in back-end development.
